Coimbatore - 641 402

the Institution in academic as well as non-academic related matters. This survey includes ten questionnaires with 5 point scale. The scale measures 5,4,3,2 and 1 indicate Excellent, Very Good, Good, Fair and Unfair. The above table demonstrates the responses observed on the given scale as against the respective parameters. As a higher proportion of students respond as excellent and Very Good. Also, a lower proportion of students respond as Fair and Unfair.

Regarding the coverage of syllabus, 74% of the students are fully satisfied and a very minimum (1%) of the students are not fully satisfied. 60% of the students appreciated the preparation level of the teachers for the class with remark excellent and 27% with remark very good. The evaluation process and transparency in tests are favorable only 37% of the students and 50% of students have chosen the option very well.

Having the continuous efforts of the Institution 58% of the students mentioned that the support of the mentor system for the students performance is arranged on a regular basis. 85% of the students gained the satisfaction level excellent and very good by the teachers while explaining the concepts.

Regarding the improvement of teaching-learning process, 90% of the students agree (Always & Usually) the efforts put by the Institution. The encouragement level to participate in co / extracurricular activities is around 35% in the excellent cases and 49% in very good. This analysis shows that the participation encouragement in co/ extracurricular activities is the least.

The usage of audio visual aids / LCD Projector in teaching learning is appreciated to great extend by 35%.
